pixfix 100x100

MADE IN EU design by KD

rimuovere il foglio di protezione del biadesivo
doppelkleberfolie abziehen
remove adhesive tape foil

incollare pixfix al pannello
pixfix am panel aufkleben
mount pixfix to the panel

rimuovere la parte di pixfix che va a parete e montarla
wandhalter abnehmen und wandmontieren
mount the wall support to the wall

inserire il pannello sul supporto a parete montato in precedenza
paneel einfach auf wandhalter einklicksen
simply click in your panel

IT pixfix vi entusiasmerà: il vostro pannello può essere fissato a parete in modo completamente invisibile e senza essere forato. grazie all'intelligente sistema di inserimento, i pannelli possono inoltre venir cambiati in qualsiasi momento. pixfix può essere fissato alla targa da esporre già direttamente in officina, così da risparmiare tempo sul luogo del montaggio. le dime per il montaggio sono davvero pratiche: si segnano così sul muro i punti dove effettuare i fori con il trapano, senza bisogno di prendere altre misure a vuoto. pixfix si adatta a tutti i materiali perchè può anche essere fissato ai pannelli con delle viti. distanza dal muro: 10mm.

DE pixfix wird sie begeistern: ganz ohne lochbohrung und unsichtbar wird ihr paneel befestigt. dank des cleveren einschubsystems können sie die paneele auch jederzeit ganz einfach austauschen. die befestigung von pixfix am paneel kann bereits in der werkstatt erfolgen, so sparen sie zeit bei der montage. praktisch die montageschablone: bohrlöcher werden einfach durch andrücken markiert, ohne umständliches ausmessen. pixfix ist geeinet für alle materialien und lässt sich auch mit schrauben am paneel befestigen. wandabstand: 10mm

EN pixfix will inspire you: without the need for holes in your panel and it secures it invisibly. thanks to the clever insert system you can simply exchange the panels at anytime. you can mount pixfix to your panels already in the work shop, saving time on-site later. the label positioning is convenient: press on the pixfix and drill holes which are simply marked on the wall. pixfix is suitable for all materials and can be also mounted with screws to the panel. distance from wall: 10mm

⚠ si prega di verificare se l'applicazione scelta è adatta per materiale e peso. quando si sceglie il montaggio con adesivi seguire le istruzioni del manuale rigorosamente.

pixfix safe 150x200

MADE IN EU design by KD

intelligente sistema a prova di furto
clevere diebstahlsicherung
thief-proof design

IT con il grande pixfix safe facciamo un grosso salto in avanti: adesso potrete fissare a parete senza doverle forare e con un sistema invisibile anche targhe e pannelli di grandi dimensioni. I pannelli possono essere incollati o avvitati al sistema di fissaggio. il clou: un sistema integrato di chiusura, di sicurezza, può essere attivato, a scelta, dopo il montaggio. in questo modo la vostra targa è a prova di furto. la calamita per tale uso è da ordinare separatamente.

DE mit dem grossen pixfix safe gehen wir einen schritt weiter: grosse platten befestigen sie damit unsichtbar und ohne lochbohrung. paneele können aufgeklebt oder aufgeschraubt werden. der clou: eine eingebaute sperre kann nach montage optional aktiviert werden. ihr panel ist damit manipulationsgeschützt und diebstahlsicher montiert. bestellen sie hierzu extra den passenden magneten.

EN with the bigger pixfix safe we go one step further: big panels can be mounted invisibly and without any holes. panels can be fixed with adhesive tape, glue or screws. the chief attraction: an integrated lock can be optionally activated after mounting easily. thus your panel is tamper- and thief-proof mounted. order the matching magnet extra.
